

Moloch

A Minimal Beamer Theme

Johan Larsson

The Department of Statistics, Lund University

3. Conclusion

Introduction

The **moloch** theme is a Beamer theme with minimal visual noise. It is a fork of the metropolis theme by Matthias Vogelgesang, which in turn was inspired by the hsrn theme by Benjamin Weiss.

Enable the theme by calling

```
\documentclass{beamer}  
\usetheme{moloch}
```

Sections group slides of the same topic by introducing a section page between them. A progress bar is shown which indicates how far along in the presentation you are.

```
\section{Elements}
```

Elements

The theme provides sensible defaults to
`\emph{emphasize}` text, `\alert{accent}` parts or show
`\textbf{bold}` results.

becomes

The theme provides sensible defaults to *emphasize* text, **accent** parts or
show **bold** results.

Font Features Test

- Regular
- *Italic*
- **Bold**
- ***Bold Italic***
- Monospace
- *Monospace Italic*
- Monospace Bold
- *Monospace Bold Italic*
- SMALL CAPS
- **Bold Small Caps**

Items

- Milk
- Eggs
- Potatoes

Enumerations

1. First,
2. Second and
3. Last.

Descriptions

PowerPoint Meeh.

Beamer Yeeeha.

Figure 1: Rotated square from texample.net.

Table 1: Largest cities in the world (source: Wikipedia)

City	Population
Mexico City	20,116,842
Shanghai	19,210,000
Peking	15,796,450
Istanbul	14,160,467

Three different block environments are pre-defined.

Default

Block content.

Alert

Block content.

Example

Block content.

$$e = \lim_{n \rightarrow \infty} \left(1 + \frac{1}{n}\right)^n$$

Verily, I say unto you, the days spoken of in the Apocalypse are nigh!

moloch defines a custom beamer template to add a text to the footer. It can be set via

```
\setbeamertemplate{frame footer}{My custom footer}
```

References

Here are some references [4, 2, 5, 1, 3] to showcase
[allowframebreaks].

Conclusion
